The ELSA concept Sail and learn English at the same time:

- ~ Teaching of basic sailing skills by the crew
- ~ 2 English lessons in small groups each day
- ~ Groups divided up by efficiency level
- ~ Support and instruction: 2 English teachers
- ~ Language on board: English
- ~ Cooking in small groups (English recipes)

Our trip starts and ends in Kiel-Holtenau at the Tiessenkai. We sail through the Kieler Förde and then head towards Denmark. It depends on wind and weather what route we will take. Always a good option is to sail around the island of Fyn or explore the smaller islands south of it. We will see beautiful beaches and small, cosy Scandinavian harbour towns. Besides sailing and studying English there will be plenty of time to go swimming and to relax in the summer sun.

Of course you cannot learn a language within 7 days. The trip is to learn new skills, fresh up what you already know and practice to speak in an English talking environment. For optimal support during the lessons the groups will be divided up by efficiency level.

Everything for the full catering is on board but as it is common on sailing boats the guests have to cook for themselves in groups. Of course we use detailed recipes in English! You can expect a good breakfast, lunch, teatime and a 3 course dinner in the evening. Do you follow a special diet? Please inform us on time.
